

Mohd Injmam

Backend Developer (Node.js)

Indore, Madhya Pradesh 453441 • +91-7987909225 • inzamam2812@gmail.com • GitHub • LinkedIn

Backend developer skilled in Node.js, Express.js, and MongoDB, with experience building RESTful APIs, authentication systems, and scalable server-side applications. Worked on platforms like Blinq (URL shortening & analytics system) and CivicPulse (community issue reporting platform), focusing on API design, JWT-based authentication, role-based access control, and data modeling. Seeking a junior backend role to build secure, efficient, and maintainable backend systems.

SKILLS

Backend & Core: Node.js, Express.js, JavaScript (ES6+), RESTful APIs

Databases: MongoDB, Mongoose (Schema Design & Relations)

Authentication & Security: JWT Authentication, Role-Based Access Control, API Security

Frontend (Supporting): React.js, HTML5, CSS3, Material UI

Tools & Collaboration: Git, GitHub, Postman, Agile Methodologies (Scrum)

PROJECTS

CivicPulse — Community Issue Reporting Platform [\[GitHub\]](#)

Aug 2025 - Present | Team Size: 2

- Designed and developed RESTful APIs using Node.js and Express.js to manage civic issue reporting workflows.
- Implemented JWT-based authentication and role-based authorization to secure user and admin endpoints.
- Modeled MongoDB schemas for users, issues, and status tracking, ensuring efficient data retrieval.
- Handled server-side validation, centralized error handling, and middleware for clean API architecture.
- Collaborated in an Agile setup with peer code reviews and milestone-based delivery.

Blinq — URL Shortening & Analytics Platform [\[GitHub\]](#)

Sep 2025 - Present | Team Size: 2

- Built scalable backend services using Node.js and Express.js for URL shortening and redirection.
- Designed MongoDB data models to store short URLs, click metrics, and user data.
- Implemented secure JWT-based authentication to protect user-specific resources.
- Developed analytics APIs to track click counts and usage patterns with optimized query performance.
- Ensured API reliability through structured error handling and consistent response formats.

EDUCATION

M.C.A. — Mediacaps University, Indore

Aug 2024 - Jul 2026 | CGPA: 8.06/10

B.B.A. — SAGE University, Indore

Sep 2021 - Apr 2024 | CGPA: 7.67/10

CERTIFICATIONS

- React JS and Redux Bootcamp — Udemy

INTERESTS

- Writing poetry
- Reading books
